

## Custom comes to you

*Looking for ties, scarves or cuffs made with your company logo?  
Need branded merchandise for your next team building function?  
Or are you looking for a quirky gift that will stand above your competitors?*

Ties n Cuffs are proud to announce its wholesale custom made business. TNC will work with you to provide quality, unique branded merchandise, all without leaving your desk.

Starting with your company logo and colours, click onto [tiesncuffs.com.au](http://tiesncuffs.com.au) and select from TNC's comprehensive product range. Their design team will work with you to create your own cuffs, ties, scarves, pins, belt buckles, mobile phone charms and more.

In a remarkably swift 1-2 hours a Ties n Cuffs design consultant will respond to you with a range of original design concepts for your selection. At this point you can also customise your own packaging to suit your product.

Once you've signed off on the design, Ties n Cuffs then create a sample so you can get up close and personal with your design.

When you're 100% satisfied, TNC commence production and you'll have the final product delivered to your door within 2-3 weeks - a turn around time that cannot be matched anywhere else in the Australian market.

Simple, fast, with complete customer satisfaction along the way, Ties n Cuffs have paved the way for e-stores that have the credibility and customer service of a traditional retail experience but with the convenience of the net.

For more information jump onto [www.tiesncuffs.com.au](http://www.tiesncuffs.com.au) or drop Drew a line on the contact details below.
